you leaving me?"

"I knw not, Mary, Mr. Mr. Brown has CONSTITUTION? not told me."

requires-he will never lead you wrong, Charles. But what will become of me when you are away? Father says the rapacious soldies are coming."

Which, the English or "Is it possible? the Americans?" "The latter-but father ates both sides." "I know it-but our army will never do you any injury. I must now leave you Good by!"

"When will you come back!" "I know not wit may hear you till then!" "And von, to

YORK. MR. We presum had quite enoug our only remain found apology to ds of 509 Broadway, for tak This Mr. Prentiss their respectable of ncern----tis visit to this is evidently a po city has turned at to be a miserable speculation; the Wings themselves are worully disapprimed at his Jackassical speech, and - ready to disembowel themselves for having been fools enough to put him in so public a position to bray forth so utterly carrapected a rhodomontede of bainless cant States. Every day's report and illiterate impudence. One of the Whig blood and violence, and no individual on papers; the Commercial; has the execrable picion of criminality rests, however ir notent he triffing and varid. We reluctantly adopt but this Prent affair, like every thing else that is Whig, is a most insufferable "humbug"---- an insult to the intelligence of the city .-- New Era.

ment of that war, the country made advances in wealth, which, considering the circumstances under which the people were then placed, may well excite our astonish-

ment.

The difficulties of effecting a settlement at But the difficulties of the first settlements be- respect to persons; and if they fail to do their duing overcome, wealth and population began ty, let them be held up to the scorn of their fellowto advance in a geometrical ratio, and so they citizens, and lynching will go out of fashion-but continued to advance till the commence- not till then, ment of hostilities with the mother country. This advance in wealth was made, not only without any aid from banks; but without any aid from those real auxilleries to productive industry, steam power and modern machinery. The advance in wealth was effected not only, without any aid from these modern inventions, but in defience of the various absurd and burdensome restrictions which Great Britain imposed on the commerce and manufacturers of the colonies. So great was the increase of wealth and population, that in about forty years after the settlement table, and thought that they were doing right, may men of the country, a large majurity are true and of Georgia, the colonies were able to meet bersised for them; but that plea out to sereen | sealous friends of the administration. We have the mother country in the field of fight and them. The lew is no respecter of persons in this BENTON, every way the superior of Webster-Cal-
